PRIVACY POLICY FOR SUA MKULIMA COLLECTION

Last Updated: 12 October 2026

1. Introduction

SUA Mkulima Collection respects your privacy and is committed to protecting your personal information.
SUA Mkulima Collection is a mobile application developed to collect, compile, organize, and distribute agricultural publications and information. The application provides access to agricultural knowledge and educational resources for farmers, livestock keepers, fishers, agricultural extension officers, researchers, students, and other stakeholders in the agricultural sector.
This Privacy Policy explains the types of information that may be collected when you use SUA Mkulima Collection, how that information may be used and protected, and the circumstances under which it may be disclosed.
Please read this policy carefully to understand our privacy practices. By using the application, you acknowledge this policy. Where applicable law requires specific consent, that consent will be obtained separately.

2. Scope of This Privacy Policy

This Privacy Policy applies to information collected through SUA Mkulima Collection and electronic communications associated with the application.
It covers information that users may provide when submitting inquiries, requesting assistance, reporting technical problems, completing forms, or providing feedback through available application features.
This policy does not automatically apply to information collected offline or through independent third-party websites, applications, or services that may be linked to or accessible from the application. Such third parties may have their own privacy policies and practices.

3. Information We Collect and How We Collect It

The types of information collected depend on the features available in the application and the technologies used to operate it.

3.1 Personal Information Provided by Users

We may collect personal information that users voluntarily provide when using features that require communication or submission of information. This may include:

- Name.
- Email address.
- Telephone number.
- Information contained in inquiries, feedback, or support requests.
- Responses to surveys or questionnaires, where applicable.

Personal information is collected when users voluntarily submit it through available forms or communication channels.
Users should avoid submitting sensitive personal information unless it is necessary for the particular service.

3.2 Information About Internet Connection and Devices

Depending on the application's technical configuration, information about the device and internet connection used to access the application may be collected. This information may include:

- Device type and operating system.
- Application version.
- Internet Protocol (IP) address, where available to the relevant service.
- Network connection and diagnostic information.
- Technical information needed to identify and resolve application errors.

Such information may help maintain application functionality, troubleshoot problems, and improve service reliability.

3.3 Information Provided Through Communication

If users contact us to report a problem, request assistance, or provide feedback, we may retain records of that communication. These records may include the message submitted, the contact details provided, and information needed to respond to the inquiry.

3.4 Information Collected Automatically

Depending on the technologies integrated into the application, certain information may be collected automatically when users interact with the application.
This may include:

- Application usage information.
- Details of features or resources accessed.
- Technical logs and diagnostic information.
- Application crash reports and performance information.
- Device and network information.
- Other technical information generated during application use.

Automatically collected information may be used to understand how the application operates, identify technical issues, and improve the user experience.
The application will collect only information supported by its actual functionality and configuration.

4. Information We Collect Through Forms and Other User Interactions

Information collected through or in connection with the application may include:

1. Information voluntarily submitted through forms, if available.
2. Records of correspondence when users contact the application support team.
3. Information supplied when reporting errors or technical problems.
4. Responses to surveys conducted to understand user needs or improve agricultural information services.

If a particular feature is not available in SUA Mkulima Collection, the corresponding information category does not apply.

5. How We Use Information

Information collected through SUA Mkulima Collection may be used for the following purposes, where applicable:

- To provide users with access to agricultural publications and information.
- To respond to inquiries and requests for assistance.
- To provide technical support.
- To maintain, operate, and improve the application.
- To identify and correct application errors.
- To evaluate general application usage and improve available resources.
- To communicate relevant service updates.
- To protect the security and reliability of the application.
- To comply with applicable legal requirements.

We will seek to use personal information only for legitimate purposes consistent with this Privacy Policy and applicable law.

6. Agricultural Publications and Educational Resources

SUA Mkulima Collection provides agricultural publications and educational information to support access to agricultural knowledge.
Users may access available publications and other resources through the application. Access to a publication does not, by itself, require users to provide personal information unless the relevant feature requires it.
The application may provide links to additional educational resources, including external websites and video platforms. The collection, use, and protection of information by those external services are governed by their respective privacy policies.

7. Cookies and Similar Technologies

The original website privacy statement refers to cookies, web beacons, and similar automatic data collection technologies.
A mobile application does not necessarily use the same technologies as a website. If SUA Mkulima Collection or its integrated web components use cookies, analytics technologies, or similar tools, those technologies may collect technical or usage information in accordance with their configuration.
This section applies only to technologies actually used by the application or its integrated services.

8. Disclosure and Sharing of Information

We respect the privacy of our users and do not intend to sell their personal information.
Information may be disclosed in the following circumstances, where applicable:

8.1 Service Providers

Information may be shared with authorized service providers where necessary to operate, maintain, secure, or support the application.

8.2 Legal Requirements

Information may be disclosed where required by applicable law, a valid court order, or a lawful request from an authorized authority.

8.3 Security and Protection

Information may be used or disclosed where reasonably necessary to investigate misuse, address security incidents, or protect the application and the rights and safety of others.

8.4 With User Consent

Information may be shared for a particular purpose where the user has provided the required consent.
Any information sharing must be consistent with applicable legal requirements and the actual services used by the application.

9. Third-Party Websites and Services

SUA Mkulima Collection may provide links to third-party websites, educational resources, or video services to help users access additional agricultural information.
When users access these external services, they may leave the environment controlled by SUA Mkulima Collection.
We do not control the independent privacy policies, security practices, or information-handling procedures of third-party providers.
Users are encouraged to read the privacy policies of external services before providing personal information or using their features.

10. Data Security

We are committed to taking reasonable measures to protect information under our control against unauthorized access, disclosure, alteration, loss, or misuse.
Appropriate safeguards may include access controls, secure information handling, system maintenance, and other technical or organizational measures, depending on the application's infrastructure.
However, no method of electronic transmission or information storage can be guaranteed to be completely secure. Although reasonable precautions may be taken, absolute security cannot be guaranteed.

11. Data Retention

Personal information, where collected, will be retained for as long as reasonably necessary to fulfill the purposes for which it was collected, provide requested services, maintain appropriate records, and comply with applicable legal requirements.
Retention periods may differ depending on the type of information and the purpose for which it is processed.
When personal information is no longer required, appropriate steps will be taken to delete it or dispose of it securely, subject to applicable legal obligations.

12. Children's Privacy

SUA Mkulima Collection provides agricultural information and educational resources to its intended audience.
The original website privacy statement specifies that the website is not intended for children under 13 years of age and that personal information from children under 13 is not knowingly collected.

For this mobile application, the intended age group and applicable child privacy requirements must be confirmed before publication.
If the application is not intended for children under 13, children in that age group should not submit personal information through the application. If we become aware that personal information has been collected from a child under 13 without the required parental consent or other lawful authorization, we will take appropriate steps to address the situation, including deletion where required by applicable law.
If the application is intended for children, additional safeguards and compliance measures may be necessary.

13. User Rights and Requests

Users may have rights under applicable data protection laws concerning their personal information.
Depending on the circumstances and applicable law, these rights may include:

- Requesting access to personal information held about them.
- Requesting correction of inaccurate information.
- Requesting deletion of personal information where legally appropriate.
- Objecting to or requesting restrictions on certain processing activities.
- Withdrawing consent where processing is based on consent.

Users may submit privacy-related requests using the contact details provided in Section 16.
We may request reasonable information to verify the identity of the person making a request before taking action.

14. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in the application's functionality, information-handling practices, legal requirements, or operational arrangements.
When changes are made, the revised policy will be published at the designated privacy policy URL, and the “Last Updated” date will be revised accordingly.
Users are encouraged to review this policy periodically to remain informed about how information is handled.
Continued use of the application after an update does not replace any separate consent required by applicable law.

15. Consent and Acceptance

By accessing or using SUA Mkulima Collection, users acknowledge that they have had the opportunity to read this Privacy Policy.
Where the collection or processing of particular information requires consent, that consent will be requested in accordance with applicable requirements.
Users who do not agree with the applicable privacy practices should discontinue using the relevant application features.

16. Contact Information

If you have questions, concerns, or requests relating to this Privacy Policy or the handling of personal information, please contact the organization responsible for SUA Mkulima Collection.
We will review privacy-related inquiries and respond as appropriate under applicable requirements.
